

CSI SOUTH CENTRAL REGION CONFERENCE

New Frontiers... Celebrating Fort Worth CSI's 50th Anniversary

Sponsorship opportunities

APRIL 12, 2012 – April 15, 2012

Fort Worth Hilton | FORT WORTH, TEXAS

What does the future hold for us? Imagine the thoughts of the settlers as they ventured into uncivilized regions. Think of the many obstacles that would face them during their journey in those inhospitable lands. Their planning and preparation was critical to their success and survival.

Planning, preparation and execution of construction documents are vital to the construction industry today. The trend to rush into "Green" construction has provided an abundance of "Green" acronyms and accreditations requiring construction documents to obtain and meet "Green" requirements. The implementation of "BIM", "Water Mitigation" and new technologies has and will require the author of construction documents to gain the knowledge to survive in the "New Frontiers".

The mission of CSI is to advance building information management and education of project teams to improve facility performance.

Membership in CSI is open to people in virtually every discipline of non-residential building design and construction whose work involves construction documents. That includes people who use, comply with, interpret, write, oversee the completion of, or enforce construction documents.

Exhibits open at 8:00 am on Friday, April 13th with two 1-hour DEDICATED Exhibit time slots at 9:00 - 10:00am & 2:00 - 3:00pm. Friday Lunch is in the Crystal Ballroom with the Exhibitors.

Please Register at www.fwcsi.org for payment by check or credit card
